Prepárese antes de salir de casa.

Stick To Trails. Prevent erosion and avoid damaging sensitive plants and organisms by staying on designated trails.

Camine por los senderos marcados.

Trash Your Trash. Dispose of any trash properly. Even “natural” waste, such as apple cores and orange peels, should be carried out. Pick up after your pet; thousands of pounds of dog feces contribute to *E. coli* bacteria in Oak Creek each year.

Utilice los basureros.

Leave It As You Find It.

Leave plants, rocks, animals, and artifacts where you find them so that others can enjoy the discovery as well. Downed wood is habitat, not firewood.
